

**REMARKS**

Claims 13-22 are pending in the application. The Examiner has rejected claims 11, 12 and 15-18 under 35 U.S.C. §102(e) as being anticipated by U.S. Patent No. 6,754,079 (Chang). Applicants have deleted claims 11-12 and amended claims 15-18 to depend on claim 14, so the Examiner's rejection becomes moot.

Furthermore, Applicants have amended the abstract to overcome the objection. It is requested the abstract objection be withdrawn.

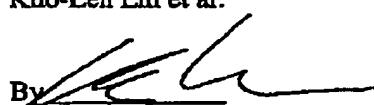

Both claims 13 and 14 are rewritten in independent form including all the limitations of the base claim and any intervening claims. Moreover, claims 15-18 are dependent on claim 14, and newly added claims 19-22 containing same subject with respect to claims 15-18 are dependent on claim 13. Therefore, these claims are allowable.

Accordingly, the application is deemed to be in condition for allowance and such a Notice is earnestly solicited.

If the Examiner believes that a further telephonic interview will facilitate allowance of the claims, he is respectfully requested to contact the undersigned at (610) 446-5886. For the reasons stated above, Applicants respectfully assert that the pending claims are in condition for allowance. Reconsideration and allowance of the pending claims are respectfully requested.

Respectfully submitted,

Kuo-Len Lin et al.
